RE: Commercial Agreement – Amendment No. 1

Gentlemen,

We are referring to the commercial agreement signed on May 1, 2002 and more particularly to Article 4 concerning the remuneration owed to Solka.

Given the reduced development of the distribution of the products of Gap Inc., the expenses related to storage, transport, customs clearance, and documentary credits, it is agreed between the two parties that the percentage of the net turnover paid as remuneration is brought down to 7% instead of 20% initially indicated. This rate will be revised as soon as the business market will allow.

Please return the enclosed acknowledgment of receipt and, thanking you in advance, we remain, sincerely,
